

The Savvy GreenSaver™

Total Rebates & Tax Credits: \$4,062

59% in Savvy GreenSavings™

Estimated Energy Savings: 40% per year

Background: Our *Savvy GreenSaver™* customer recently purchased this 1973 vacation rental. He knew the best way to maximize his investment would be ensuring this property was efficient & comfortable for his renters all year round. GreenSavers assisted him in applying for Oregon Business Energy Tax Credits and all eligible Energy Trust of Oregon cash incentives. These subsidies allowed him to make all the recommended Energy Efficient Retrofits.

GreenSavers Efficiency Solution:

- Replaced old leaky windows and doors with new double pane vinyl
- Sealed + Insulated the leaky duct system
- Added Floor insulation to Weatherization Specifications
- Increased Attic Insulation to R50
- Sealed air leaks-preventing heated air from escaping in the winter
